

Lots of details & decisions in planning a wedding...

It must be Beautiful. Reverent. Special. Elegant. The day's events are so very meaningful to you on your wedding day. Can one particular musical instrument reflect this better than another during your ceremony?

Have you heard Judy Seghers play her harp?

The uncommon beauty of the harp creates a unique charisma to any event. Having a harp play during a wedding ceremony helps create an air of elegance, reverence, and a bit of the extraordinary to the power of the music it provides. Many people are surprised to learn that a solo concert-sized harp is an instrument very similar to piano and organ for it provides both the harmony and the melody. This makes the harp fully capable of "going solo", sounding similar to piano and/or organ. Judy can, and usually does, use amplification so her music is well heard when outdoors and in large halls/churches.

Selecting your wedding ceremony music and musician is a big decision. If you would like the uniqueness of a Beautiful, Ornately Carved Concert Harp to provide your special wedding ceremony music, played by a consummate professional harpist, Judy would consider it an honor and privilege to play her harp for you on your special day. Her music repertoire lists cover hundreds of selections for you to choose from, including Classical, Sacred Music and Popular Love Songs: Ave Maria, Canon in D, Bridal Chorus, Wedding March, When the Saints Go Marching In, Marry Me, A Thousand Years, Stay With Me, Perfect, Can't Help Falling In Love, Unforgettable—These are just a few...

Best Wishes to you today, and all the days of your life.

Harpist Judy B. Seghers, B.M., M. M.
